## **Section - 5**

### **Bidding Data and Contract Data**

## **BIDDING DATA**

### **Clause 1, Scope of Bid**

#### **Clause 1.1**

a) Employer is the Road Development Authority established by the Act No.73 of 1981.

b) Address of the Employer is: *Provincial Director(NWP) ,  
Provincial Director's Office,  
Road Development Authority,  
Puttalam Road, Kurunegala*

*Telephone: 0372056534*

*E-mail: [pdrdanwp2020@gmail.com](mailto:pdrdanwp2020@gmail.com)*

The Scope of the Work is **'IMPROVEMENT OF BALAWATTALA KUDAOYA BRIDGE (BALANCE WORK) – KURUNEGALA DISTRICT'**

The work consists of **'IMPROVEMENT OF BALAWATTALA KUDAOYA BRIDGE (BALANCE WORK) – KURUNEGALA DISTRICT'**

The Site is located in Kurunegala Electorate.

#### **Clause 1.2**

Time for completion is 03 Months from the Start Date:

#### **Clause 1.3**

a) The non-refundable tender fee of **Rs. 8,000.00** with VAT.

b) A complete set of bidding documents in English language may be purchased by interested bidders on the submission of written application and **CIDA** book to the Provincial Director (NWP) Road Development Authority, Puttalam Road, Kurunegala from **10.05.2024 until 27.05.2024 (only week days)** from **9.00** hrs. to **15.00** hrs. upon payment of a non refundable Tender fee as above table for each document.

### **Clause 2, Source of Funds**

#### **Clause 2.1**

Funded by Government of Sri Lanka (GOSL)

### **Clause 3, Ethics, Fraud and Corruption**

Add a new sub-Clause 3.3

#### **Clause 3.3**

A misrepresentation or omission of facts in order to influence the procurement process shall make the Bid non-responsive and if detected after the award the bidder could be subjected to legal prosecution.

## **Clause 4, Qualification of the Bidder**

### **Clause 4.2**

The bidder shall be currently registered with the Institute for Construction Industry Development Authority (CIDA) in **C4 & C5 Grades in Bridges specialty.**

### **Clause 4.3** Bidder shall provide in:

- CIDA registration particulars
  - Registration number
  - Specialty & Grade
  - Expiry Date
- VAT registration number.
- Legal status of the bidder (sole proprietor, Partnership, Company etc.)
- Authentication for signatory (written Power of Attorney)
- Audited Financial Statement for latest five years
- Evidence of adequacy of working capital for this contract (liquid assets & other)
- Experience in a work of similar nature and size in the last ten years
- Work in hand and expected completion date
- Qualification and experience of key site management and technical personnel proposed for the Contract
- Major items of construction equipment proposed to carry out the Contract
- Authority to seek references from the bidder's bankers;
- Total monetary Value of construction work performed for each of the last five years.
- The Method statement of the way the bidders proposed to carry out the work
- Construction Program with critical path and cash flow forecast.
- A description and value of work, which the bidder proposes to sub-contract, together with the name and address of the proposed sub-contractors

### **Clause 4.4**

- Average annual volume of construction work performed during the last five years shall be at least **Rs. 46.56 million**

Annual Average Construction Turnover (AACT) is calculated as follows,

$$AACT = \frac{\sum ACT_n}{5} \quad \text{where, } n= 1\text{st} \dots\dots\dots 5\text{th year (last five years)}$$

ACT<sub>n</sub> - Annual Construction Turnover of nth year (from the audited financial report)

- The bidder should have, experience in construction of at least one underpass/bridge/culvert/viaduct of a nature and complexity equivalent to the Works over the last 10 years (to comply with this requirement, works cited should be at least 70% completed), the value of which should be at least **Rs. 23.6 million.**

Experience of subcontractors in respect of “Contract of similar size and nature” shall be accepted, only if the reference sub- contract was approved by the Employer. Also such bidder shall submit the sub –contracting agreement along with the Completion Certificate issued by the main contractor and an approval letter issued by the Employer confirming the sub-contracting arrangement. Any bids that, not complying with this requirement shall be rejected.

- Liquid Assets and / or credit facilities required

Minimum Liquid Assets available shall be **Rs. 9.01 million**

Minimum Liquid Assets Available is calculated as follows:

$$X = (A - L) - 0.1 W + C \quad \text{where;}$$

X = Minimum Liquid Assets available

A = Current Assets as given in the latest audited financial statements

L = Current Liabilities as given in the latest audited financial statements

W = Outstanding contractual commitments as supported by an affidavit as per Form given in Section 9

C = A project specific revolving line of credit given by a bank used by Form given in Section 9

**Note : Available Working Capital of bidder should be equal or greater than 50% of minimum amount of the Liquid Asset (i.e. Rs. 9.01million). Line of Credit shall be provided only to satisfy the balance amount of the required amount of the Liquid Asset.**

Any Bidder who does not have the minimum liquid assets calculated on the above basis, required under Clause 4.4 shall be treated as non responsive.

Any bid which has to be supported by a project specific revolving line of credit, to meet the requirement of the Clause 4.4 but does not provide it strictly according to Form given in Section 9 shall be treated as non responsive.

The bidder shall submit an affidavit that he has declared all his other contractual commitments – specimen form attached in Section 9. But does not provide all current contract commitment shall be treated as non responsive according to the clause 3.3 of ITB No Conditional Line of Credit will be accepted and any letter of line of credit which has deviated from the specimen format shall be considered as non responsive.

## **C. PREPARATION OF BID**

**Clause 9.1** Employer's address for the purpose of clarification is:

Provincial Director (NWP),  
Provincial Director's Office,  
Road Development Authority,  
Puttalam Road, Kurunegala

**Clause 11.1** The language of the Bid shall be English.

### **Clause 13.3**

The bid price shall include Physical Contingency, Price contingency and Provisional sums.

VAT component shall not be included in the rates. The amount written in the Form of Bid shall be without VAT. However, VAT component shall be shown separately at the end of the BOQ.

### **Clause 13.4**

The Contract is subjected to price adjustment in accordance with Clause 47 of the Conditions of Contract.

### **Clause 15.1**

The bid shall be valid up to **28.05.2024**.

### **Clause 16.1**

Bid shall include a Bid Security using the form included in Section 9.

### **Clause 16.2**

Bid Security shall be:

- For an amount of **Rs. 450,715.00**.
- Valid until **24.09.2024**.
- Issued by an agency acceptable to the Employer using the form for bid security (unconditional guarantee) included in Section 9 – Standard Forms.
- Any bond or security issued by ABC Insurance Company Limited is not acceptable.

### **Clause 17.0**

Pre Bid Meeting is scheduled to be held at the Provincial Director's Office (NWP), Road Development Authority, Kurunegala at **10.00** hrs on **17.05.2024** and site visit will be arranged on the same day.

## **D: SUBMISSION OF BID**

### **Clause 19.2 (a)**

The Employer's Address for the purpose of bid submission is -

**The Chairman,  
Provincial procurement Committee (NWP),  
Provincial Director's Office,  
Road Development Authority,  
Kurunegala.**

### **Clause 19.2 (b)**

*E-mail: [pdrdanwp2020@gmail.com](mailto:pdrdanwp2020@gmail.com)*

1.1 The Engineer for the Contract is Chief Engineer, Kurunegala.

Engineer's Representative: Will be notified later

1.1 The Work consists of **IMPROVEMENT OF BALAWATTALA KUDAOYA BRIDGE (BALANCE WORK) – KURUNEGALA DISTRICT**

The scope of the work is **IMPROVEMENT OF BALAWATTALA KUDAOYA BRIDGE (BALANCE WORK) – KURUNEGALA DISTRICT**

The Start Date shall be 14 calendar days from the receipt of the Letter of Acceptance.

8.1 Schedule of other Contractors: Public Utility Agencies

9.1 Schedule of Key Personnel: (Directly involved in the project)

Minimum persons with qualifications and experience to be defined,

- |    |                         |  |
|----|-------------------------|--|
| a. | Technical               | Project Manager with B.Sc Civil Eng. & 10 years working experience in similar Nature.                |
| b. | Contract Administration | Technical Supervisors with 7 years' experience,<br>Quantity Surveyor with 3 years working experience |

13.1 The minimum insurance covers shall be:

- The minimum cover for insurance of the Works, Temporary Works and of Plant and Materials is 110% of the Initial Contract price.
- The minimum for insurance of other property is Rs. 1 Million per occurrence with the third party, number of occurrences unlimited.

The minimum cover for personal injury or death,

- For the Contractor's workmen is Rs. 400,000/= per event
- Contractor's employees other than workmen is Rs. 550,000/= per event
- For third party and employees of the Employer and other persons engaged by the Employer is Rs. 550,000/= per event

For all the above the number of occurrence shall unlimited.

The insurance cover shall be valid from the Start Date to the end of the Defects Liability Period.

14.1 Information from the Site investigation, if so applicable and available, is shown on the Drawings.

17.1 The Intended Completion Date for the whole of Works shall be 182 **Days** from the Start Date.

21.1 The Site Possession Date shall be within 07 Calendar days from the date of Letter of Acceptance.

27.1 The Contractor shall submit a Programme for the Works within 28 Calendar days of the Letter of Acceptance.

Contractor shall work only during normal working days unless otherwise agreed with the Engineer or in unusual circumstances where the safety of the public or work is in jeopardy. Holidays declared by the RDA shall be treated as non-working days.

- 27.3 One Month.
- 27.4 2% of the Initial Contract Price in Rupees.
- 35.1 Add with the following,  
The Defects Notification Period is 1 Year.
- 39.2 Engineer may order variations up to a total cumulative value of not exceeding the contingencies provided in the priced BOQ.
- 43.1 Replace the second sentence of Clause 43.1 “The Employer shall pay ..... date of each certificate” with the following.  
“The Employer shall pay the Contractor the amounts certified by the Engineer within 28 days of the date of each certificate.
- 47.1 Price Adjustment  
The contract is not subjected to price adjustment.

### **Input Proportion**

Input proportions shall be computed by the contractor by using the ICTAD document for preparing Px values, before end of first month and submit engineer for approval. Only the approved Px values shall be used for calculating Price Adjustments.

Non-adjustable elements shall be:

#### **Bill No.1 – Preliminaries and General, Day works and All PS and LS Items.**

- 48.1 The retention from each payment shall be 10% percent of the certified work done.  
The limit of retention shall be 5 % of the Initial Contract Price.
- 49.1 The liquidated damages for the whole of the Works shall be **Rs. 15,023.82** per Day.  
The maximum amount of Liquidated Damages for the whole of the works shall be 10% (ten percent) of the Initial Contract Price.
- 51.1 Replace the Sub-clause 51.1 with the following: -  
‘The Employer shall make advance payment to the Contractor in an amount equivalent to 20% of the Initial Contract Price less contingencies less Provisional Sums within 14 Days after furnishing of an unconditional guarantee in a form and by a bank acceptable to the Employer or from the Construction Guarantee Fund. The guarantee shall remain effective until the advance payment has been repaid, but the amount of the guarantee shall be progressively reduced by the amounts repaid by the Contractor. Interest will not be charged on the advance payment.  
Advance Payment would be made in two equal instalments. The second Instalment would be paid only after establishing that the first instalment of the advance payment has been used exclusively for mobilization as per Cl. 51.2 and submission and approval of detailed construction programme with network analysis and resource scheduling.  
Any bond or security issued by Insurance Company is not acceptable.

52.1 The Performance Security shall be 5% percent of the Initial Contract Price (subjected to Public Finance Circular no. 03/2020 (i) (paragraph 3.1.V)) and shall be issued by a Bank acceptable to the Employer.

Any bond or security issued by Insurance Company Limited is not acceptable.

58.1 As-Built Drawings shall be submitted to the Engineer within one month after the issuing of Certificate of Completion.  
Add the annexure of additional requirements pertaining to the as built drawings to this sub clause

60.1 The percentage to apply to the value of the work not completed, representing the Employer's additional cost for completing the Works, is 25%

63 Clauses 63.2(b), 63.4, 63.5, 63.6 and 63.7 are not applicable.

63.3 Replace the text of Clause 63.3 with the following text: "The total sum paid to the Contractor shall include such amounts, for the work, supplies or services to plus an administrative charge of 10% on the invoiced cost will be paid to the Contractor for Provisional Sum of the Bill of Quantities."

## **AS BUILT DRAWINGS**

### **Description**

The work shall consist of preparation of As Built Drawings necessary for performance of the completion of the work covered by the Contract, the Contractor shall supply them by the dates stated in the Contract Data.

The Contractor shall retain, at his sole expense, a qualified engineer for appropriate on site construction inspections to ensure that all improvements as set forth required, pursuant to RDA standards and specification, and as-built shall be provided. The contractor shall certify, in writing, to the Engineer that the improvements were done in compliance with the approved plan or agreement pursuant to RDA Standards & Specifications and as-built shall be provided.

Field managed record drawings should be provided to the Engineer with indicating additions and deletions for approval before preparation of the final as-built Drawings.

The following requirements shall be applied to each as-built drawing developed for the project and a hard copy together with an electronic AutoCAD drawing file format on CD shall submit for the Engineer.

### **Construction Requirement**

The following items shall be required for all "As-Built Drawings.

- (a) All as-built for projects are required to be on 24" x 36" or similar size of construction drawings and shall bear the name and address, of the person who preparing the drawings and the date the as-built data is added to the original via the revision block. Electronic Auto CAD drawing files, based on the GPS coordinate, are also required (if the construction drawings are prepared based on GPS coordinates). Surveyor's/Engineer's statement (with embossed or wet seal and with an original signature on each sheet) shall verify that as-built drawings reflect the true conditions in the field.
- (b) Contractor's statement (with an original signature on each sheet) shall verify that all construction specifications and product qualities have been met or exceeded.
- (c) "AS BUILT DRAWINGS" or "RECORD DRAWING" shall be clearly labelled on each sheet.
- (d) If the details of under-ground service lines (Water, Sewerage, ducts &etc) are available needs to be included to the as-built drawings on the approval of Engineer
- (e) The location and elevation of the benchmark referenced will be shown on the drawing. If the reference benchmark is within the project, then a complete description of its location will be Survey data, relative to the GPS coordinate grid, on right-of-way monuments installed or provided to assist in future locating.

(f) encountered within the project

(g) Note any changes to the alignment either vertically or horizontally of curb & gutter sidewalk, pavers or any other surface improvement.

**Measurement & Payments**

No payment shall pay for the preparation of as built drawings. If the Contractor does not supply the As Built Drawings by the dates stated in the contract data, or they do not receive the Engineer's approval, the Engineer shall withhold the release of Final payment of the Contract.

# **Section - 6**

## **Specifications**

**Standard Specification  
Particular Specification**

## **Standard Specifications**

The Standard Specifications comprise 'Standard Specifications for Construction and Maintenance of Roads and Bridges' issued under the authority of the Director General of the Road Development Authority and published by the Institute of Construction Training and Development.

The ICTAD Publication No. of this publication is SCA/5. Second Edition Published in June 2009

Bidders who are not in possession of this publication can purchase it from the ICTAD.

## **Particular Specifications**

These Particular Specifications should be read in conjunction with the Standard Specifications for Construction and Maintenance of Roads and Bridges, ICTAD Publication No SCA/5, which are applicable in all cases not covered herein.

The Particular Specifications for some sections of the works are comprehensive and cover the full extent of the works in these sections. In other sections they apply in conjunction with the Standard Specifications. Finally in some sections not covered in the Particular Specifications, the Standard Specifications shall apply in full.

Where there is an ambiguity or discrepancy between the Particular Specifications and the Standard Specifications, the Particular Specifications shall prevail.

## **PRELIMINARIES & GENERAL**

### **General Specifications for Preliminaries & General**

#### **1.1 Mobilization and Demobilization**

The Contractor shall submit to the Engineer within 14 days from the date of Letter of Acceptance his mobilization and demobilization plan for equipment, plant and machinery required for the Project. Plan shall include the location of plant, machinery and equipment and mode of transport. Engineer shall approve the mobilization and demobilization plan and payment shall be based on schedule of mobilization.

#### **Payment**

Payment shall be made according to the schedule submitted by bidder and within the lump sum amount agreed in the Bill of Quantities.

<b>Item No</b>	<b>Pay item no.</b>	<b>Description</b>	<b>Pay Unit</b>
1.1	P (1)	Mobilization and demobilization	L.S.

\*Note: All necessary testing should be done according to the RDA SSCM with contractor's own cost

#### **1.2 Contract Insurances**

The Contractor shall provide all risk insurance, Workmen compensation and 3<sup>rd</sup> party as stipulated in Clause 13 of the Conditions of Contract.

#### **Payment**

Payment for the all risk insurance, workmen compensation, third party insurance shall be paid as stipulated in the contract document. Payments for providing contract securities and insurances shall be from Provisional Sum amount given in the Bill of Quantities. The Contractor shall submit a breakdown of the Provisional Sum amount to the Engineer within 28 days of the receipt of the Letter of Acceptance and the payment on this item shall be made after the acceptance of the Securities by the Engineer.

<b>Item No.</b>	<b>pay item</b>	<b>Description</b>	<b>Pay Unit</b>
1.2	119(1)	Allow for all risk insurance, workmen Compensation, and 3 <sup>rd</sup> party Insurance	L.S

#### **1.3 Provide necessary Bonds and Securities**

The Contractor shall provide a Performance Security as per Clause 4.4 and an Advance Payment guarantee as per Sub-Clause 10.12 of the Conditions of Contract.

#### **Payment**

<b>Item No.</b>	<b>pay item</b>	<b>Description</b>	<b>Pay Unit</b>
1.3	119(2)	Allow for Performance Security & Bank securities	L.S

**1.11 DISMENTLE THE EXISTING MASSONARY STRUCTURES, CONCRETE STRUCTURES, STEEL STRUCTURES & CULVERT PIPES.**

**Measurement**

Dismantle & removal of existing structures shall be measured as the Provisional sum for satisfactory dismantled and removed of existing structures.

**Payment**

Payment shall be made as Provisional sum. The price shall be full compensation for all materials and labor required to perform the work described.

<b>Item No</b>	<b>Description</b>	<b>Pay Unit</b>
<b>P-003</b>	Dismantle the existing masonry structures, concrete Structures, steel structures & culvert pipes	<b>P.S.</b>

**1.6 ALLOW SUM FOR SURVEYING, INVESTIGATION & DESIGN (PREPARATION OF SHOP DRAWINGS)**

**SURVEYING**

Establishment of TBMs and determination of its Horizontal coordinates (N, E) and Zenith (Z) value of the control points to be done by arbiter to site. TBM shall be established away from the proposed site but shall not too far to the site. Having established X, Y, Z coordinates of all control points the surveyor shall proceed with the detail surveying.

The surveyor shall have kept hand written survey notes for all the observations of detail survey. Detail survey shall have cover at least 50m length either side along the road or up to exiting road from proposed bridge location with corridor of 15m either sides and 25m length either side on waterway from the proposed bridge center. All points taken on features and structures should record their North and East coordinates and Elevations. For features and structures/buildings partly falling within the defined corridor, it must be fully surveyed to obtain closed geometries. The Contractor shall provide the relevant computerized drawing database in a good quality CD.

Initially contractor shall excavate up to foundation bottom level of the abutment, after that contractor should carried out soil investigation (Using mackintosh test or Manual SPT) with the approval of Engineer. If soil condition is not in satisfactory level, Engineer has to propose the suitable solution accordingly. After finalizing the dimension and other consideration of the bridge contractor shall finalize the preparation of the shop drawing and get the approval from Engineer.

**Payment**

Payment shall be made from the pay item in the Bill of Quantities.

<b>Item No.</b>	<b>Description</b>	<b>Pay Unit</b>
<b>P-004</b>	Allow sum for Surveying, Investigation & Design (Preparation of Shop Drawings)	<b>P.S.</b>

## **Section-7**

### **Bill of Quantities**

## **BILL OF QUANTITIES**

### **PREAMBLE**

1. The Bill of Quantities shall be read in conjunction with all other bidding documents.
2. General directions and descriptions of work or materials given elsewhere in the bidding Documents are not necessarily repeated in the Bills of Quantities. For the full meaning of each Item, reference should be made to the applicable passages in the bidding Documents.
3. The prices and rates entered by the Contractor in the Bill of Quantities shall be deemed to cover the complete and finished works in the final position as required by the bidding Documents, including, inter alia, all costs and expenses which may be required in and for the construction and maintenance of the works, together with all risks, liabilities, contingencies, insurance, sampling, testing, providing all necessary assistance to the Engineer and in general all obligations imposed or implied by the contract.
4. Without affecting the generality of the foregoing provisions the prices and rates entered by the contractor in the Bills of Quantities shall also include, inter alia, all costs and expenses involved with or arising from the following:
  - i The provision, storage, transport, handling, use, distribution and maintenance of all materials, plant, equipment, machinery and tools, including all costs, charges, dues demurrage or other outlays involved in carriage and importation.
  - ii The provision and maintenance of all staff and labour and their payment, accommodation, transport, fares and other requirements.
  - iii Setting out, including the location, construction and preservation of survey markers, measurement and supervision.
  - iv The provision, storage, transport, use, handling, distribution and maintenance of all consumable stores fuel, water and electricity including the requirements of the Engineer's Representative and his staff.
  - v The location, test proving, opening, operation, reinstatement of all quarries and borrow pits, as well as compensation and mining royalty's costs associated with quarries and borrow pits or any other land the contractor may require additional to that provided free for the execution of the permanent works.
  - vi Sampling, the transport of samples, testing, the carrying out of trial sections of earthworks or payment and the checking of all information given by the Engineer.
  - vii Injury caused to the Works under Construction, Plant, Materials and consumable stores by weather.
  - viii Repairs to the Works either prior to or during the Period of maintenance.
  - ix Maintenance work as detailed in the Specifications and the Conditions of Contract and the maintenance of public amenities.
  - x Co-ordination with other Contractors or Authorities carrying out work either in connection with or adjacent to the Works.
  - xi The supply of manufacturers test certificates.

- xii The protection of mains and services, and cost of repairs in case of damage caused by the Contractor.
- xiii Pumping and dewatering; the protection of excavation faces.
- xiv The provision and maintenance of temporary diversions in order that through traffic flow shall remain unobstructed through the contract period and in general the provision of all temporary works required in connection with the works.
- xv Insurance, custom duties, taxes (excluding VAT) levies, first aid, welfare and safety requirements and all other overheads and costs and profit.

5. A price or rate shall be entered against each Item in the Bills of Quantities whether quantities are stated or not. Item against which no price or rate is entered shall be deemed to be covered by the other prices or rates entered by the Contractor in the Bill of Quantities. The unit price or rate entered against any Item shall take Precedence over any miscalculation in the total sum against that Item. Where separate items have not been provided in the Bill of Quantities for work shall be deemed to have been included in the other prices and rates.

6. The Quantities given in the Bill of Quantities are estimated only and are given to provide a basis for the tender. No guarantee is given for their accuracy and payments to Contractor will be based on the prices and rates quoted in the bills applied to measured quantities for work done.

The quantity for each Item of work executed by the Contractor in accordance with the Contract shall be measured net and no allowance will be made for waste, bulking, shrinkage decrease of volume due to compaction or the provision of working space.

7. The items in the Bills of Quantities are the general application to the whole of the works at any location on site or any part of the works as indicated in the bid documents or instructed by the Engineer's representative.

8. Tenders, which group several items together in the Bill of Quantities under one price, will not be accepted.

9. The Units of measurement described in the Bill of Quantities Are Metric Units. Abbreviations in the Bill of Quantities are as follows: -

hrs	-	Hours
km	-	Kilometre
m	-	Linear Metre
m <sup>2</sup> or sqm	-	Square Metre
m <sup>3</sup> or cum	-	Cubic Metre
nos.	-	Numbers
L.S	-	Lump Sum
P.S	-	Provisional Sum
moth.	-	Month
ltr.	-	Litre
kg.	-	Kilogramme
mt	-	Metric Tonne
mm.	-	Millimetre
wk.	-	Week

## DAY WORKS

1. The rates entered in the Schedule for Bill of Quantities shall form day works items for pricing extra work ordered to be done in accordance with the Contract.
2. The rates shall include all overheads and profit and all other costs of whatever nature necessary for and incidental to the performance of extra work whenever ordered and these rates required anywhere on the Site for the operation of plant the provision of labour or the provision of materials and shall be deemed to include inter alia:

Plant                      Operation, maintenance, repairs, fuel, oils grease, hydraulic fluids, taxes, duties operator's wages and overtime, travelling time, transport supervision, administration costs related to the use of such plant.

Labour                    Wages, overtime, bonuses, travelling time, hand tools, accommodation, fringe benefits, transport and supervision.

Materials                Provision, transport, handling, wastage and storage

In the case of Plant and labour, only time spent working shall be paid for.

For Day works required outside the Site (which for these purposes shall mean all areas shown on the plans for permanent works and all areas of temporary works such as Contractor's and Engineer's camps, quarry, borrow pits and their access roads, diversion roads etc.), the following should be chargeable:

Plant:                    Self travelling: Actual travel time of and to place of stationing on the day of the work.

Transport:              Travelling time of the places of transport (lorry, low loader etc.)

Labour:                    Travel time for the means of transport used.

Materials:                Travelling time for the means of transport used.

The rates shall apply only to such work, as the Engineer shall instruct in writing to be carried out as day works. All items should be priced.
